#### 108TH CONGRESS 1ST SESSION

# H.R.51

To repeal the Federal death tax, including the estate and gift taxes and the tax on generation-skipping transfers.

## IN THE HOUSE OF REPRESENTATIVES

January 7, 2003

Mr. Cox introduced the following bill; which was referred to the Committee on Ways and Means

# A BILL

To repeal the Federal death tax, including the estate and gift taxes and the tax on generation-skipping transfers.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- This Act may be cited as the "Family Heritage Pres-
- 5 ervation Act".
- 6 SEC. 2. FINDINGS.
- 7 Congress finds that:
- 8 (1) Hard working American men and women
- 9 spend a lifetime saving to provide for their children
- and grandchildren, paying taxes all the while.

- Throughout their lives, they pay taxes on the income and gains from their labor and their investment. Be-cause of the heavy burden of income taxes, property taxes, and other levies, it is enormously difficult to accumulate savings for a family's future. Worst of all, when the purpose of that hard earned saving is about to be achieved, families discover that between 37 percent and 55 percent of their after-tax savings are confiscated by Federal death taxes.
  - (2) These transfer, estate, and gift taxes punish lifelong habits of thrift; they discourage entrepreneurship; they penalize families; and they have a negative effect on other tax revenue sources.
  - (3) These taxes raise almost no material revenue for the Federal Government. In fiscal year 2002, they produced about 1 percent of total Federal revenues.
  - (4) The waste and economic inefficiency caused by death taxes is well known. American families employ legions of tax accountants and lawyers each year to set up trusts and other prolix devices designed to avoid these onerous levies. The make-work imposed upon the economy comprises billions of dollars.

- 1 (5) To pay these excessive taxes, many small 2 businesses must liquidate all or part of their assets. 3 By causing business closures, these taxes constrict 4 business activity, increase unemployment, and re-
- 5 duce tax revenues to the Federal Government.
- 6 (6) Independent analyses indicate that, were 7 these onerous taxes repealed, the Nation's gross do-8 mestic product, Federal and State tax revenues, em-9 ployment base, and capital formation would increase 10 substantially. According to a recent study by the 11 Joint Economic Committee, these taxes have re-12 duced the stock of capital in the United States by 13 \$497,000,000,000, reduced annual Federal income 14 tax receipts by \$20,000,000,000, caused family busi-15 nesses to divert resources from investment, and en-16 couraged the development of environmentally sen-17 sitive land.
  - (7) Repealing these taxes will ensure economic fairness for all American families and businesses and economic growth and prosperity for the Nation as a whole.

### 22 SEC. 3. REPEAL OF FEDERAL TRANSFER TAXES.

- 23 (a) General Rule.—Subtitle B of the Internal Rev-
- 24 enue Code of 1986 (relating to estate, gift, and genera-
- 25 tion-skipping taxes) is hereby repealed.

18
